Congratulations!

Your account has been successfully created.
You will be redirected to OKTA authentication provider to set your account password in a few seconds.

Click [here](#) if you do not want to wait.

If your email domain is associated with more than one academic institute, you will be prompted to select your institute from the list.

- Follow steps 1 – 3 above.
- Upon entering the code, you will be prompted to choose your university from the dropdown list. Once you've selected your university, click on "Next."

The system will route your user account to the selected academic institute.

If your academic institution is not listed, you will need to add it manually by clicking on **“Not Listed?”**.

- After clicking on "Not Listed?", you will be prompted to fill in some details (refer to the image below). Fill in the required details in the form and click "Next."
